

Levafix Brilliant Red CA

Brilliant red shades and bright pastel shades with good light fastness

Levafix Brilliant Red CA creates brilliant red and bright pastel shades with good light and oxidative fastnesses.

Key Features and Benefits

- Unique bright red shade with high colour constancy in different light sources
 - Good oxidative fastness, e.g. peroxide bleaching or fastness to chlorinated water
 - Stable to multiple washing with activated oxidative bleaching detergents
 - Good M&S C7 perspiration fastness (both acid and alkaline)
 - AOX and metal free dye meeting all established eco standards
 - Good solubility
 - Good reproducibility and levelness
 - Flexible use in exhaust, cold pad-batch and continuous processes
-
